Experience

VerveLife

June 2011 – Present

UI/UX Engineer. I took project concepts and turned them into wireframes that included user interaction points and behavior. I also turned approved designs into valid HTML/CSS/JS.

AppliedSB

June 2008 – June 2011

Contract worker. Primary roles included design and front-end development. Worked on projects for many companies, including: bebe, Claire's, EXPRESS, Sonictap, Tangle, and Macy's.

Education

Bachelor of Arts in Graphic Design and Philosophy

Huntington University, Huntington, IN

August 2007 – May 2011
